

PORTABLE LITHIUM-ION 400 Wh

MULTIFUNCTIONAL POWER SUPPLY

OUTPUT AC 220V - DC 12V - DC 5V USB

WALLABY

POWERplus® Wallaby

Portable Lithium Ion 400 Wh
Multifunctional Power Supply
Output AC 220V – DC 12V – DC 5V USB

The POWERplus Wallaby is a compact and lightweight multifunctional AC/DC Power Station with a high quality Lithium Ion battery.

The POWERplus Wallaby is your ideal companion for power needs in emergencies, camping, outdoor, boating etc. This product has an integrated pure sine wave inverter; which can provide the most stable AC voltage to power your AC electrical appliance up to 200W.

Pure sine wave inverter – supports up to 300W

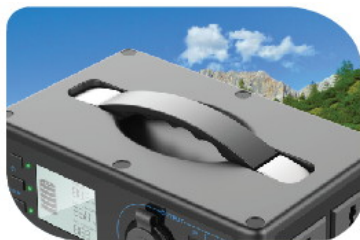

DC 12V and 5V USB output ports

LCD display with backlight function

Charging in ports and jumpstarter port

Integrated carrying handle

AA charger

DC car charger

Smart jump starter

Solar charging cable

Technical details:

Built in battery	High Quality Lithium Ion / 18650 cells 11.1V/36Ah battery pack / 400Wh / 9~12.6V
Inverter	Pure Sine Wave DC-AC inverter, output max. 300W (peak 450W)
Dimensions	230 x 150 x 250 mm
Weight	5.2 kg
Input	DC 14 ~ 40V
Fully charged time	AC/DC charger (70W) 6-8 hours Car charger (48W) 10-15 hours Solar panel (40W) - full sun 12-18 hours
Operation environment	Charge 0~45 degrees Celcius Discharge -10~60 degrees Celcius Humidness 10%~90%
Output	2* AC 220V 300W max. 2 * 12V/3A 6mm 36W max. 1 * 12.6V/10A cigarette plug input 120W 4 * USB 5V 2*2.1A and 2*1A
